How Do I...

Recycle Appliances and Metal?

- The easiest way to recycle appliances is to send them back to the retailer that you bought your new appliances from if the retailer offers that service.
- You could also recycle your appliances and other metal waste by taking them to a metals recycling facility. The closest one to us is,
Stanco Recycling
14 Ruthman Dr.
Dry Ridge, KY. 41035
(859)824-1797
- You may also make a few bucks for recycling in this manner.
